## REMARKS

The enclosed documents have been requested by the Department of State for inclusion in the State Department's Foreign Relations Series. The Document Division of the JCS has reviewed these documents and has recommended that CIA review the enclosed documents before they are released to the State Department.

## ACTION TAKEN OR RECOMMENDED BY RECIPIENT

The Central Intelligence Agency has completed its review of the attached items with the following results:

NDU-S-613-83, Letter from Lemnitzer to Clinton with attached memo for the President, dated 10 March 1961, and memo from General McGarr to Lemnitzer

We do not concur in their release to State for review purposes. These items contain Agency information of continued sensitivity and consist of operational intelligence with State historians exclude from their publications.

SPCOL-S-0012-83, Memo to CJCS from Major General Krulak with attached "An Overview of the Vietnam War (1960-63)".

Items on pages 6 and 38, so marked, should be deleted; we defer to DOD as to downgrading or declassifying the remainder of the document.

STAT

## INSTRUCTIONS

1. Prepare sufficient number of copies to furnish one copy to each addressee of the original document and one copy for retention. Entries on form may be printed in ink.

2. Care will be taken to completely identify the document(s) being regraded to prevent error by the recipient. All inclosures being regraded will be accounted for in the inclosure column. When covering document only is being regraded and there are inclosures (*classified or unclassified*) which are not being regraded, the symbol "n/c" will be entered in the inclosure column. The regrading form will contain unclassified information only. Short titles will consist of the first letter of each word in the subject or title except when a formal short title has been assigned.

3. The following symbols will be used (*for purposes of this form only*) to indicate the classification of the document(s) or portions thereof and protective marking to be affixed:

TOP SECRET-----TS  
SECRET-----S  
CONFIDENTIAL-----C  
CONFIDENTIAL Modified Handling Authorized-----CM  
(CM - not to be used for classification of subject or title)  
UNCLASSIFIED-----U  
UNCLASSIFIED FOR OFFICIAL USE ONLY-----U-OF LUSE

(Indicate in parentheses the number of years from date of origin OF LUSE will be removed from document.)

## Chief, Classification Review Division

4. When the document(s) will be regraded upon the occurrence of an event, the classification will be followed by an asterisk (\*) and the event described on the bottom of the form or in "Remarks" above.

5. When the form is used as a request for review, the need for a lower classification for the document or documents will be shown. When the classification of the subject or title standing alone is unknown to the holder of the document, the symbol "?" will be placed in the column headed "Classification of Subject." When the form is used as a notification, the current classification of the subject or title will be indicated in this column using the symbols shown in paragraph 3 above.

MEMORANDUM FOR: DO/Information Review Officer

25X1 FROM:

  
Acting Chief, East Asia Division

SUBJECT: Review of Referral Packet from National Defense University

REFERENCE: Memorandum from C/OIS/CRD, National Defense University Request, 26 September 1983

1. East Asia Division has reviewed the packet (3 documents) forwarded under reference. The first two items contain Agency information of continued sensitivity and which are in the "operational intelligence" area (thus excluded from the parameters of information of interest to the State historians by virtue of their own guidelines) and we do not concur in their release for review purposes to State. In the third document (Memo to C/JCS by Maj. Gen. Krulak), there are only two items (pps. 6 and 38 - marked for deletion) which affect Agency equities still requiring protection. With their deletion/removal, we would defer to DOD as to downgrading or declassification of the remainder of that document.

2. The Division spent two hours reviewing these documents.
